Roger and Charlie,

The draft permit that went to public notice recently has not yet been issued. I've attached the current (expired) permit and fact sheet. Let me know if you need anything else.

Regards,  
Carissa

Hi Carissa,

Charlie Collins (EPA HQs enforcement) recently requested a copy of the Chemours Washington Works NPDES permit and application. I thought I had a copy of the permit, however I was mistaken. Would it be possible for you to send him a copy or pdf of these documents? Thanks.

Roger Reinhart

Roger,

Thank You for all your assistance in this matter and have gotten in contact with someone from Region 2. Is it possible for you to send me a copy of whatever documents you have and/or found from our discussion yesterday? I believe you stated that you had the permit but not the application. Your assistance is greatly appreciated in this matter. Any problems or concerns, please feel free to contact me.

Hi Andrew,

Charlie Collins (EPA HQs) had asked me who the EPA Region 2 contact is for environmental issues at the Chemours Chambers Works facility. Could you provide this information to Charlie and me, or if you deal directly with the NJDEP, who would that contact be? Thanks.

Roger
